Did You Know...

SHP, the architectural firm that designed Peck, has designed over \$500M worth of sustainable facilities in the past decade. They also designed Winton Woods City Schools in Cincinnati, Ohio, which was one of the first schools in the country to redesign its entire school district around Project-Based Learning (PBL).

Did You Know...

At the new Peck Expeditionary Learning School, K-8 students will learn by conducting "learning expeditions" that encourage them to work together across subjects and explore the world around them.
